SHIPPING & PACKING INSTRUCTIONS

PACKING TIPS

Packing carefully is very important.

If the tip of the knife can touch the inside wall of the package, the knife will poke through. Please pack your knives in such a way that the point of the knife can not touch the side of the box.

Below are some suggestions:

- Crumple up newspaper and place it between the point of the knives and the package wall
- Wrap each knife in newspaper and tape or rubber band it on the knife. Make sure that point can't poke its way out.

MAILING INSTRUCTIONS MAIL IN & RECEIVE A BILL

Please pack your items securely in a box and include the completed order form inside. We'd also appreciate it if you could send us an email at rick@precisionsharpeningservices.com to let us know your package is on its way.

You're welcome to attach a copy of the order form to your email as well, this step is optional, but please make sure a printed version is included in your shipment.
